Reg VII of 1927, Govt cannot exercise the power unless the Swami is in actual possession of the Mutt property and places them under the management of Govt.

7. I do not think the language of sec 25 can be interpreted in this narrow manner. The two conditions necessary to be satisfied before Govt "take over possession and management of the property of any Matha" are (1) that the Mathadhipati must voluntarily apply for such help and (2) that he must "place the institution or its property under the management of the Govt". It is not necessary that he must place Govt in ~~possession~~ physical possession of the property but only place "the institution or its property" under ^{such} ~~the~~ management. As soon as he has done this, Govt can under the section take "possession and management" of the property. This necessarily means that Govt have the right to take possession from third parties, if the Swami himself ~~is~~ not in possession. Otherwise the ~~the~~ section would in many cases be inoperative. Sec 28 also shows that when Govt enter into management, they can exercise all the powers of the Head of the Mutt, one of such powers being the right to take possession of Mutt property, if it happens to be in wrongful possession of others.

The next question is as to the procedure to be adopted by Govt in getting possession from the Trustees. This depends on the nature of the property of which possession is to be taken. If possession

cannot be obtained otherwise, a civil suit against
the persons in possession ~~will~~ be necessary, since
Regulation VII of 1927 does not provide for any
summary procedure in such matters.

The Govt Advocate will also be
consulted in the matter, if approved.

5. Since the finances of the P. L. C. are under the triple control, viz., in addition, the P. L. C. and the Government, each acting independently of the other - the P. L. C. expressed that it is not only due to the harmonious working of the P. L. C. and therefore resolved that the Government be requested to kindly take immediate steps to set right such a state of affairs which has affected the time-honoured prestige of the P. L. C.

The above proposition was moved by Mr. N. S. Krishnamachari and seconded by Mr. N. S. Krishnamachari and passed unanimously.

6. In connection with the construction of the P. L. C. Building at Palakkad, on the P. L. C. property shown in the P. L. C. map for 1919, the P. L. C. formed a sub-committee to collect money and construct the building. It is understood that the P. L. C. building is partly constructed and a sum of about Rs. 1000 is with the committee and no action is being taken by them to complete the building.

It is therefore resolved that with a view to provide habitation for the P. L. C. as early as possible, Government be requested to take such action as may be necessary to compel the P. L. C. committee to complete the building immediately so as to prevent further deterioration.

The above proposition was moved by Mr. N. S. Krishnamachari and seconded by Mr. N. S. Krishnamachari and passed unanimously.

7. The P. L. C. regret to state that the present P. L. C. income received from the P. L. C. is quite inadequate for maintaining the P. L. C. of the P. L. C.

We therefore pray that Government may be pleased to grant an advance of atleast Rs.50 per mense

The above was proposed by Sriman Sindige Narayana-swamy and seconded by Sriman Landayan Narachhavadi Singlachar and passed unanimously.

8. Resolved that an application as presented to the Dewan Sahab regarding a site in Mysore be sent to the Chairman, City Improvement Trust Board, Mysore, with a request to grant a site free of cost.

Resolved that Sriman I.J.Sarpathakumarachariar with the kind help of Sriman M.Anandalwar may kindly take further action in the matter.

The above resolution was proposed by Sriman K.Narasimhachar and seconded by Sriman M.K.Pirumalai Iyengar and passed unanimously.

10. Resolved that the extract of Proceedings of this Meeting may be sent to Government and to the Trustees to His Holiness and to the Secretary, Bangalore Shishyas Mandali.

11. With reference to the Resolution at the meeting held on 12th July 1932, it was explained by Mr. M.A.K. Iyengar that no action seems to have been so far taken either by His Holiness, Government or the Trustees in the matter of amending the Trust Deed suitably as opined therein and he moved the following Resolution:--

"Resolved that kind reference may be invited to the above resolution of the last meeting and His Holiness & the Government be requested to arrange for taking immediate action - in the matter".

This proposition was seconded by Sriman M. A. Narasimhachariar and unanimously passed.

12 The Convenors and Sriman M.K.Tirumala Iyengarlar
proposed a Vote of Thanks to

(i) The shishyas present for having
attended the meeting inspite of
their varied engagements and
given their valuable assist-
ance in the successful delibera-
tions.

(ii) the Chairman for having so ably
conducted the day's proceedings
in spite of his other engage-
ments;

(iii) the owner of the House for kindly
placing the hall at the disposal of
the Mandali.

13. Sriman Kopay Tirunarayana Iyengar proposed a
vote of thanks to the Convenors for the keen
interest in arranging this meeting and its
successful conclusion.

GOVERNMENT ADVOCATE'S OPINION (30-9-1932,.)

The attitude taken by the Trustees has introduced complications into the case. Once the management and control of the Mutt and its properties have been taken over by Government, I do not see why the Government should not take possession of the property in the usual summary way, instead of filing a regular suit in a Civil Court. It must be easy for the local Muzrai Officer to lease out the land direct to the tenants hereafter. If the Trustees feel aggrieved ~~thereby~~ thereby, they may themselves go to a Civil Court. It would be advantageous to know if there have been any such cases before, and how they have been dealt with by Government. If any of the immoveable properties are Inams granted by Government, there would do no difficulty in taking possession of them summarily. Even if it is otherwise, this course may be tried, as I do not see any illegality in adopting that procedure. How and where the ^{is} cash/invested has to be ascertained. According to the Trust Deed, some amounts are due by persons beyond Mysore State. Notices may in the meanwhile be issued to the debtors or the Banks in which monies have been invested to pay the interest and the principal to the Government on behalf of the Swami and ~~in~~ not to the Trustees.

H Financial Secretary to Government.

OPINION OF THE LAW DEPARTMENT (6-8-1932).

The Trustees appear to question the legality of the action of the Government in accepting the management of this Mutt on the ground that under Section 25 clause (1) of Regulation VII of 1927, Government cannot exercise the power unless the Swami is in actual possession of the Mutt properties, and places them under the management of Government.

I do not think the language of Section 25 can be interpreted in this narrow manner. The two conditions necessary to be satisfied before Government "take over possession and management of the property of any Matha" are (1) that the Mathadhipati must voluntarily apply for such help and (2) that he must "place the institution or its property under the management of the Government". It is not necessary that he must place Government in physical possession of the property but only place "the institution or its property" under such management. As soon as he has done this, Government can under the section take "possession and management" of the property. This necessarily means that Government have the right to take possession from third parties, if the Swami himself is not in possession. Otherwise the section would in many cases be infructuous. Section 28 also shows that when Government enter into management, they can exercise all the powers of the Head of the Mutt, one of such powers being the right to take possession of Mutt properties, if it happens to be in wrongful possession of others.

The next question is as to the procedure to be adopted by Government in getting possession from the Trustees. This depends on the nature of the properties of which possession is to be taken. If possession cannot be obtained, otherwise, a civil suit against the persons in possession will be necessary, since Regulation VII of 1927 does not provide for any summary procedure in such matters.
